The achievement of the musical ensembles across the Hempfield School District is a direct reflection of the quality of each member. **Every student musician plays a vital role in the success of our overall program!**

There is no substitute for weekly sessions of individualized instruction by an instrument specialist. **As lessons are not offered during the instructional day at the middle level, we recommend that students look into private instruction for their child upon entering 7th Grade.**

Private lesson instructors serve as an ideal model and mentor to assist in your child's improvement in the areas of tone, technique and general musicianship. The helpful hints or minor adjustments suggested by the instructor will greatly improve your child's playing ability and, as a result, their enjoyment of our music program!

> Specific Fees, Lesson Availability will Vary

> For a more specific recommendation based on your individual interests/needs, please contact your band director!
